

2018 WTC Starting Lineup Just like prior years, team numbers will be assigned by order of PAID entry.

Why do you want a lower team number than a higher one you ask, because in case of poor bar weather or bar visibility, the teams will be released by their team number starting with team #1 and so-on, so unless you want to be plowing through 40 plus boat wakes in front of you, you want to sign up and pay early. In case of clear, good bar conditions on the morning of the event, teams will be released by a countdown, shotgun style of release.
